Notes

- 1 If there are insufficient competitors to form a Slow Fleet, 'Slow Fleet Competitors' can be incorporated into the Medium Fleet and be allocated an 'on the day' race result. In such a case, 'on the day' results will count towards the wider series results of Medium Fleet, not the Slow Fleet Series.
- 2 *NEW for 2025* - The LSC RS Aero League will be run in parallel to the series racing for Aero rigs 6, 7 and 9
